

## Selected Topics

Advanced instrumentation and modelling

Anisotropic materials and thin films

Biological and medical applications

Device characterization (LCD, LED, ..)

Ferroelectrics, ferromagnetics, and multiferroics

Imaging and mapping

*In-situ* and *real-time* measurement and analysis

Industrial applications

Liquids

Low- and high-k materials

Multilayers and nanostructures

Photonic materials

Polarization response

Polymers

Semiconductors

Standard and complex materials

Superconductors

Surfaces, interfaces, and thin films

Standardization and reference materials

Spectral extension (THz to EUV)

## Conference Organization

**Hans Arwin**

*Linköping University, Sweden*  
Conference Chair

**Uwe Beck**

*BAM, Berlin, Germany*  
Conference Vice Chair

**Mathias Schubert**

*University of Nebraska-Lincoln, U.S.A.*  
Program Chair

**Kenneth Järrendahl**

*Linköping University, Sweden*  
Local coordinator

**Michal Poksinski**

*Linköping University, Sweden*  
IT coordinator

**Susann Årnfelt**

*Linköping University, Sweden*  
Social program

## 4<sup>th</sup> International Conference on Spectroscopic Ellipsometry

Stockholm, June 11 – 15, 2007

First announcement

Abstracts  
February 4, 2007

Acceptance notification  
March 5, 2007

Early registration  
April 1, 2007

[www.icse4.se](http://www.icse4.se)

## Venue

The 4<sup>th</sup> ICSE will address new advances and developments in science, technology, and applications of Spectroscopic Ellipsometry as well as related polarization techniques. Scientists and engineers from multidisciplinary research and application areas are asked to join this conference held ashore the vibrant and remarkable northern capital - ranked among the world's most attractive conference cities.

Discover emerging areas, inspire future research, and experience a remarkable knowledge exchange. The Stockholm conference will aspire to the high scientific standards set at the previous ICSE conferences in Paris (1993), Charleston (1997) and Vienna (2003).

Participants will gather at the conference reception in the Stockholm's Golden City Hall, famous for the Nobel prize festivals. Swedish tradition and pride will be on display at the conference dinner with guided tour through the Vasa Museum. Excursion cruises will be organized to view the scenic Stockholm water front – guaranteed to leave memorable impressions of the Northern shores.

Christer Lundin - Stockholm Visitors Board

## Abstracts

Abstracts are due by February 4, 2007. Please submit your abstract through the electronic submission server at [www.icse4.se](http://www.icse4.se). Instructions will be posted and the abstract submission server will open on October 1, 2006.

## Accommodation

Discounted hotel rooms can be reserved at Best Western Wallin Hotel, close to the conference location, as well as other hotels nearby. Please visit our website for further information and early booking instructions.

## Exhibition

An industrial exhibition will be held during the conference. You and your company are invited to participate. Potential exhibitors will be also given the opportunity to sponsor special events at the conference.

## Fees

Discounted early registration and student fees will be available. Please contact the organizers for further information.

## Location

The conference will be held in the Stockholm City Conference Center, located in Barnhusgatan 12-14.

## Proceedings

Peer-reviewed conference papers will be published by *Elsevier* as a regular volume of *Thin Solid Films*. Electronic paper submission is due at the conference where reviewing will be organized.

## Registration

Early registration, open until April 1, 2007, is encouraged. Please register through [www.icse4.se](http://www.icse4.se). Late registration will be held open during the conference.

## Sponsorships

Please visit our website [www.icse4.se](http://www.icse4.se) for updated information on discounted travel rates. Sponsors are welcome and may contact Susann Årnfelt.

## Travel

Stockholm is easily accessible by airplane, boat, train, and car. The Stockholm-Arlanda International airport is located north-east of the city, with convenient public transportation to downtown Stockholm. The central train station is within minutes of walking distance from the conference location.
